

CNIB statement regarding Wascana Park update

Regina, SK – March 4, 2022 – CNIB’s involvement with the Wascana Park project is and has always been about the community we serve and our mission to change what it is to be blind in Regina. Our goal with this project was to create an accessible building and make the park more inclusive and accessible for people living with vision loss.

The project was designed to invest and use CNIB funds to create and deliver more programming for the blind and partially sighted community in Regina.

Unfortunately, this important community project has left CNIB in the place where we found ourselves nine years ago, seeking a new affordable and accessible space to serve our community.

About CNIB: CNIB is a non-profit organization driven to change what it is to be blind today. We deliver innovative programs and powerful advocacy that empower Canadians impacted by blindness to live their dreams while tearing down barriers to inclusion. Our work as a blind foundation is powered by a network of volunteers, donors and partners in communities across Canada. To learn more or get involved, visit [cnib.ca](https://www.cnib.ca).
